

1.5 Algebraic Models

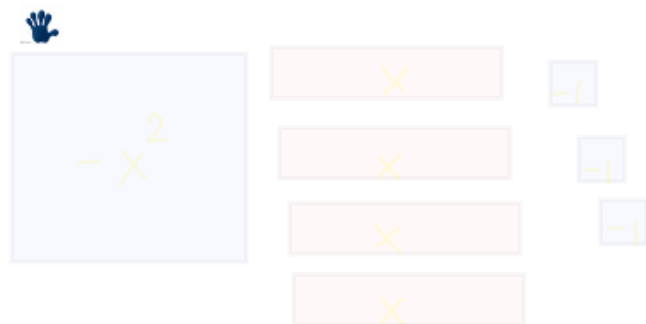

What would x^3 look like?

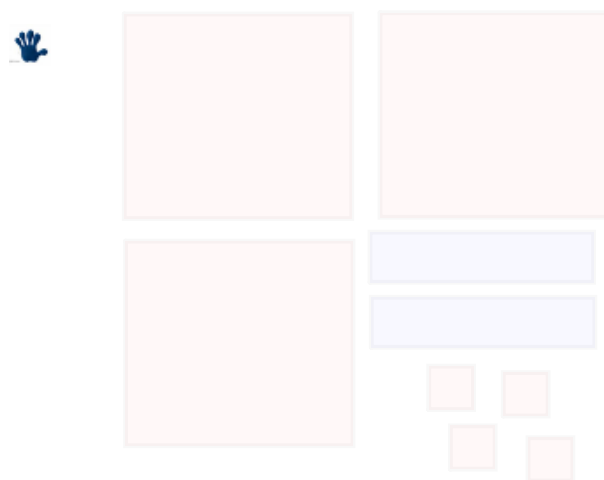

Express the following polynomials with algetiles

a) $-x^2 + 4x - 3$

b) $3x^2 - 2x + 4$

Pg. 104-106 Investigate!
Complete # 1-8 in class

Homework: Pg. 107 # 1-4,6-9

Hand-in both the investigation and the HW tomorrow.
Use a ruler and a pencil. Graph paper is preferable.
