

Presentation Requirements:

- ~ 15 minutes to share your findings with the class, including ~2-3 minutes to answer questions.
- Present the key ideas and data that supports your presentation (not necessarily your whole report)
 - Identify your problem & hypothesis
 - Preview the key ideas
 - Present the data you have collected (most relevant)
 - Summarize your data & make conclusions
 - Use technology to enhance your presentation.

Be prepared to answer questions from your classmates. Your presentation will be critiqued by classmates, randomly chosen on the day of your presentation. They will be asked to ask at least 1 question each.
